

TRANSPORTATION EITS & ENGINEERS

Bunt & Associates

Established in 1993, Bunt & Associates is an employee owned progressive western Canadian transportation planning and engineering firm with offices in Vancouver, Victoria, Calgary, and Edmonton. With experience spanning across Canada and internationally, we offer balanced and sophisticated insight to both urban and rural transportation challenges. Our purpose is to provide enterprising solutions to transportation planning and traffic engineering problems, to contribute to building connected and sustainable communities, and to support our clients in reaching their project goals. Bunt & Associates is a true specialist consultant, providing services related to transportation exclusively.

Our strength is our people. Bunt & Associates has grown significantly over the last twenty-five years and much of the company's success is a result of having the right people on our team. We are a group of highly motivated and professional individuals who work to maintain excellence in client experience and exceptional product delivery. Bunt & Associates offers a positive work environment that recognizes the importance of professional development, opportunities for advancement, and a work-life balance. This is our commitment in support of attracting and keeping exceptional people.

Role & Responsibilities

We are seeking Transportation EITs/Engineers with experience in Traffic/Transportation engineering analysis and design. The positions are based in our Calgary office. In this role, you will be responsible for leading or supporting a variety of public and private sector traffic engineering and planning projects encompassing:

- travel data collection;
- travel & parking demand forecasting;
- traffic operational analysis & micro-simulation;
- traffic & parking impact assessments;
- site plan development;
- community & area planning;
- master transportation planning;
- master parking planning;
- road safety reviews & audits;
- travel demand management planning;
- conceptual and functional design of transportation infrastructure; and
- land development approval support & public consultation.

Qualifications & Experience

Candidates will have a B.A.Sc. in Civil Engineering, be registered as an EIT or P.Eng, or be eligible for registration in Alberta. We are seeking candidates with at least two years of relevant experience that includes progressive development in technical work including delivery of quality reports and designs. Strong verbal and written communication skills are essential for this position. Those with proven skills in the use of Synchro/SimTraffic, VISTRO, VISUM and VISSIM, plus ArcGIS and CAD will have an advantage.

Compensation

Bunt & Associates offers competitive salaries, performance bonus incentive programs, ownership opportunities, and a competitive benefits package. Salary compensation offered will be commensurate with industry guidelines and based on experience and skills. Successful candidates will be eligible to participate in Bunt's staff bonus program.

Applications

If you feel that you possess the necessary experience and skill set, please email your resume, references, and cover letter to info@bunteng.com. We thank all who apply, though only those applicants to be interviewed will receive a response.
